To Spur a Jaded Appetite

Is one thing, to invigorate and regulate the digestive organs is an other. And yet mere appetizers are constantly mistaken for and are even termed tonics. Hostetter's Stomach Bitters is on a far higher plane in the category of medical preparations, than the so-called tonics which impart a relish for the food. tonics which impart a relish for the food. These have their use, and are estimable provided they be pure. But the scope of the remedial operation of the Bitters is far wider. It reforms entirely an enfeebled condition of the Stomach, and purifies its juices, if viitated, as well as promotes their secretion in healthful abundance. The stomach having, in conjunction with the liver and the bowels, been regulated, and their natural tone restored through its agency, appetite returns, as a matter of course. Fever and ague, poverty of the blood, and consequent debility, themmatic aliments, and a tendency to kidney and bladder troubles, are also remedied by it.

A MARVEL OF PURITY

Royal a Perfect Baking Powder-Absolutely Free from Lime.

The Royal Baking Powder is considered by all chemist and food analysts to be a marvel of purity, strength, and wholesomeness. Furthermore, it is now the only baking powder before the public free from lime and absolutely pure

This is due largely to the improved method by the us of which it has been made possible to produce a perfectly pure cream of tartar, from which all the lime has been eliminated.

This chemically pure cream of tartar is exclusively employed in the manufacture of the Royal Baking Powder. so that its absolute freedom from lime and all other extraneous substances is guaranteed.

Professor McMurtrie, late chemist in chief to the U.S. Department of Agriculture, after analyzing many samples of cream of tartar of the market, testified to the absolute purity of that used in the Royal Baking Powder as follows:

"I have examined the cream of tartar manufactured by the New York Tartar Company and used by the Royal Baking Powder Company in the manufacture of their baking powder, and find it to be perfectly pure, and free from lime in any form.

"All chemical tests to which I have submitted it have proved the Royal Baking Powder perfectly healthful, of uniform, excellent quality, and free from any deleterious substance. WM McMURTRIE, E.M., Ph.D.,

"Chemist in Chief U. S. Dep't of Agriculture,"

Tamar Treatment Prescribed by the Leading Physicians. Read What They Say

St. Louis, Mo., February 10, 1886.

"For more than three years I have used Taman treatment with the best results. I recall now several cases of seminal weakness and deblifty with all its evil consequences I have treated during the past year, which have been curred by the use of the Tamanment, and several of these cases were in the last stages. The composition of the different medicines contained in the Theatment indicates and its effects prove it to be a specific restorative of nerve and sexual power. You are at liberty to use my letter in any way that will contribute to your pleasure or profit. There are so many nearly worthless to proper tary medicines of this kind on the market (and every day is adding to their number) that when one is found to be really valuable I think it.
